INDUSTRIAL

HEAVY INDUSTRY & AUTOMOTIVE STANDARD

The JF-RMF Rugged Mobile Fan Mount

BEST IN CLASS AIR FLOW:

20" – 4,250 CFM

24" – 6,210 CFM

30" – 7,710 CFM

OSHA / UL COMPLIANT

MORE DURABLE THAN OTHER ROLLING FAN DESIGNS

MOST ENERGY EFFICIENT
Industrial Fans on the Market

INDUSTRIAL DUTY FEATURES

- Powerful and Portable – works with 20", 24", and 30" Fan Sizes
- Allows fan 180 degrees of rotation for focused cooling
- Uses standard Jan Fan parts – Eliminates multiple manufacturers & excess inventory
- Provides greater air moving velocity than other floor mounted Barrel Fans of similar HP
- Made with 3" Steel Base – backed by full 5-Year Warranty
- Uses heavy duty industrial-grade casters
- Center of fan is approximately 20" from floor
- Provides up to 5X energy savings when compared to existing barrel fan motors
- Jan Fan Energy Savings Module (JF-ESM), can be used with this mount
