Introducing the newest addition to Hunter's industrial fan line – the highly-efficient XP series, specifically designed for year-round HVAC cost savings and hassle-free installation. Engineered with a direct drive motor and industrial components, XP fans come with a standard 2' rigid mount and are powered by a readily available 110v input. The silent featherweight boasts variable speed control to provide fully adjustable airflow for maximum performance and efficiency, all at an unrivaled value.

Pre-assembled, patent-pending components, and plug-n-play wiring – we make it fast and easy. Just when you thought it couldn't get much better, the #1 most trusted name in ceiling fans continues to provide you with the maintenance-free reliability that is synonymous with every Hunter fan.

Easiest installation of any HVLS fan on the market.
